

**Elizabeth Mangold**

Elizabeth Mangold is the Care Connections Supervisor overseeing the RN Transition Coordinators at Jackson Health Network. Before that role, she was a staff nurse at Henry Ford Allegiance Health and taught nursing clinical groups from Jackson College on several medical/surgical units.

Ms. Mangold completed a Six Sigma Green Belt project which successfully decreased the incidence of Post-Operative Respiratory Failures. Her approach as a nurse is informed by the relationship based care model; she believes understanding the unique needs and life stories of patients is crucial to successfully partner with patients in their journey to better health.

Ms. Mangold graduated from Michigan State University with a Bachelor of Science in Nursing.
