Strategic Roadmap

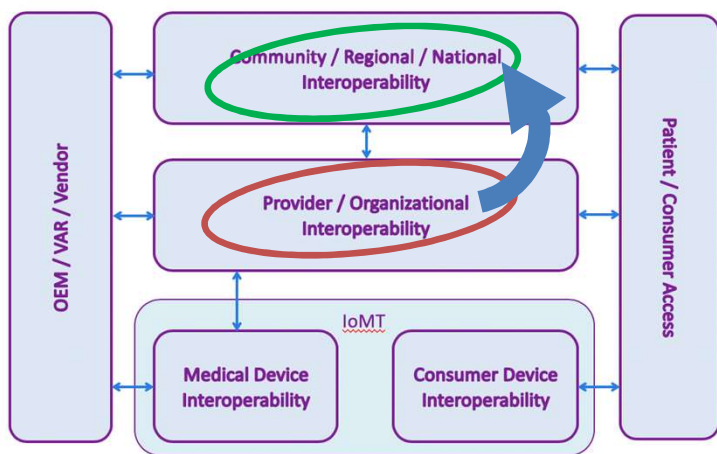

Commercial in confidence

May 2019

Rhapsody Interoperability Model

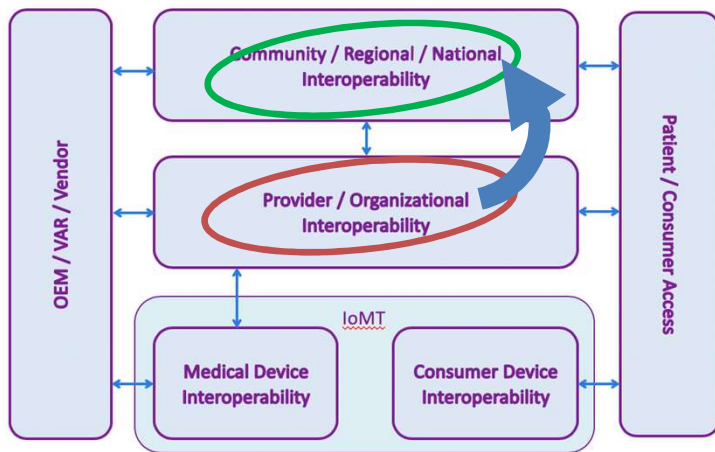

Shifting from intra- to inter-organizational interoperability

In the US and around the world

- Transitions of care
- ACO participation
- Federal mandates
 - ONC and CMS NPRMs
 - Anti-information blocking
 - TEFCA

Technology Initiatives

- FHIR tooling
 - solve the chicken-and-egg problem
- IHE style integrations
- Don't forget HL7 v2
 - e.g., ADT for notifications
